#### CREATOR

Hi supa music maker!

Is there anything better than friends? Think about one (or more!) of your closest friends and what makes your friendship so special. Maybe you like to play the same games or watch the same shows. Maybe you're both makers, creators, or supa technovators. Maybe you're very different and that makes your friendship so special!

Make a list of all the things you love about your friendship, and then turn it into a song. Ask an adult to help you make a video so you can share it with your friend — and with us!

#### TECHNOVATOR

Time to technovate!

Let's make musical instruments at home, using materials you can find around the house!

Write down some simple steps you can take to achieve your goal, then give them a try! Check off each step as you complete it.
