SEMA**

EARTH DAY MAKER CARDS

EP 5: Upcycle Mania

Everyone can help protect
the environment
by reducing, reusing, and recycling
the “3 Rs” at home!

As Sema says, “Don’t abuse;
just reuse!”

Create your own upcycled t-shirt using an old t-shirt and turn it into a colorful outfit you can wear everyday. You can decorate it with fabric paint, glue-on decals, Sema stickers, anything you want! Be sure to get a grown-up's permission.

EARTH DAY MAKER CARDS

EP 3: King & Forever Forest

Congratulations!

You've been chosen to plant your very own, very uniquely YOU super forest! Create a picture of your amazing, imaginative forest!

Tip: You can draw, use tissue paper for leaves, glue on beads for berries, or whatever you dream up!

Bonus activity: What incredible creatures do you imagine live in your forest?

EARTH DAY MAKER CARDS

EP 4: Power

Time to technovate!

Powering the world is all about capturing energy and turning it into electricity. Movement is one way to generate energy. Create an invention that changes energy from any kind of movement -- it could be walking, riding a bike, or even your pet's movement -- into electricity.

Come up with a name for your super energy catcher and draw a picture of it!

EARTH DAY MAKER CARDS

EP 16: Mission Biomimicry

Inspired by any winged creature -- a bird, a butterfly, a bat -- create your very own set of wings!

Use whatever you have around your house. Try paper, cardboard, foil, pipe cleaners, fabric, or anything else you can find to make your supa decorative wings!
